

Welcome new Avlite Systems Partner – Flight Light Inc, Sacramento, USA

Avlite wishes to extend a warm welcome to new distribution partner Flight Light Inc of Sacramento, California.

After 15 years in the business, Flight Light's goal is to be the best airfield lighting supplier in the world, and the company is an expert in it's field.

Some of the largest airports in the world use Flight Light aviation equipment, including the Los Angeles and Chicago O'Hare International Airports.

"I'm really pleased to welcome Flight Light to our partner network, and we're equally excited to be a part of their product line going into the future."

– Mr PJ Dillon, Avlite Systems, USA Business Development Manager

Avlite Systems is fast becoming the world leader in solar-powered aviation lighting, with key contracts being awarded during 2009 from civil and defence customers around the globe.

To discuss being part of the expanding network please contact Avlite Systems Business Development Manager Ms Sharon Bedson at s.bedson@avlite.com.
