Avlite Systems Exhibiting at inter airport Europe

Somerville, Victoria, Australia – August, 2017 — Avlite are excited to announce that we are attending inter airport Europe held between the 10th-13th October at the Munich Trade Fair Centre, Germany. We can be found in Hall A5 at Stand 1560.

Covering all areas of airport-related technology and services, industry experts from airports, airlines, air cargo carriers and aviation-support will be attending to source the latest equipment and airport solutions first hand. The 2015 inter airport show saw 676 exhibitors from 44 countries and over 2,700 trade visitors from 110 countries. In its 21st year and renowned as the leading one stop shop event for the entire airport industry, this year's event promises to be the biggest so far.

With live demonstrations of new products and key innovations a key feature of inter air, Avlite will be showcasing the new AV-426, the premier radio controlled solar airfield light for runway and approach applications. The AV-426 is a robust, feature rich, completely self-contained product that can be controlled without the need for any costly cabling, trenching or associated civil works.

Visit Hall A5, Stand 1560 to speak with our team of aviation lighting experts who will be delighted to demonstrate our innovative range of airfield, heliport and obstruction lighting solutions. To book a personal product demonstration please email info@avlite.com or call +61 (0)3 5977 6128.

~MORE~

Known as the world's largest airport exhibition, inter airport will again be an event not to be missed.
