Avlite Systems Exhibiting at The 2016 Airports Conference

Tilton, New Hampshire, USA – 11 March, 2016 — Avlite Systems will be exhibiting at The 2016 Airports Conference and exposition held between the 21st – 23rd of March, at the Hershey Lodge in Hershey, Pennsylvania, USA booth: 67.

This conference is sponsored by Penn State and is designed for government officials, airport owners/management, consultants, contractors, and material testing laboratories personnel. The conference provides the latest information on airport programs and policies, as well as practical experience by airport management, consultants, and others in the airport industry.

Avlite Systems will be exhibiting our comprehensive range of FAA compliant and certified runway, taxiway and obstruction lighting at this years show, our customers and the industry will have the opportunity to get hands on with our latest product innovations. Our airfield lighting team team will be delighted to provide a demonstration, and answer any questions you may have. If you are attending please stop by booth: 67, we look forward to meeting you there.

~MORE~

"We know aviation safety is paramount that's why at Avlite Systems we're working hard to provide our customers, and the aviation industry, with the most advanced, reliable and feature rich products available on the market today," said Lucas Bracken, Global Marketing Executive, Avlite Systems. "We design our lights with a small form factor design and advanced LED lighting optics. We offer multiple power configurations, acrylic lenses and a 7 stage powder-coated aluminium body our products are built to last, reducing ongoing maintenance and total cost of ownership."
